* The reports shown on this website contain numbers for Indiana residents who are served by the Hoosier Assurance Plan (HAP) and do not contain numbers for all Indiana residents who may receive addiction services. The HAP is the main method by which the Indiana Division of Mental Health and Addiction can fund community substance abuse services. As established by the Indiana Legislature, the HAP is designed to support and manage the delivery of behavioral healthcare services to individuals who are in a low-income population and who have clearly identified substance abuse needs.

* This report only contains data from the Treatment Episode Data Set (TEDS).

* The report spans an entire fiscal year (7/1/XXXX - 6/30/XXXX).

* Age is calculated from date of birth to date of admission for each episode.
